DESCRIPTION: The 150mm diameter P5-6SD has 6 punched holes for dust extraction and they are suitable for use on orbital sanders, including: Makita, Bosch, Dewalt, Ryobi, Milwaukee, Black & Decker, Hikoki, Erbauer and Titan.

FEATURES: E-Weight paper, hook & loop fixing, durable Aluminium Oxide grit, 6-hole punched extraction.

MACHINE SUITABILITY: Most popular 150mm random orbital sanders.

STANDARDS:

- EN13743: European standard that regulates the safety requirements for coated abrasive products. (sanding sheets and discs.)

USER TIPS:

- Always use the appropriate PPE
- Keep the sander moving at all times for a smooth and even finish
- Sanding creates a large amount of airborne dust. It is strongly advised that a dust extraction unit is used, with a minimum specification of 'M-class'.

PACKAGING DETAILS:

Full colour corrugated cardboard box.
