**DESCRIPTION:** The P5-SB is a high quality cloth backed sanding belt for use on a wide range of materials.

**FEATURES:** Tear resistant fibre backing, cross cut centre back.

**MACHINE SUITABILITY:** Electric 100 x 610mm belt sanders.

**STANDARDS:**

- EN13743: European standard that regulates the safety requirements for coated abrasive products. (sanding sheets and discs.)

**USER TIPS:**

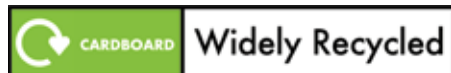

- Ensure that the directional arrow of the belt matches the rotation of the machine
- Do not use excessive pressure. Allow the belt to do the work.

**PACKAGING DETAILS:**

Full colour corrugated cardboard box.
